### Homework

Reminder of homework completion check days for each year group. Students must have completed all set SPARX and SENECA in Year 7, 8 and 9 as well as GCSE Pod and any Option subject homework in Years 10 and 11.

**Year 7 - Thursday**

**Year 8 - Monday**

**Year 9 - Tuesday**

**Year 10 - Wednesday**

**Year 11 - Friday**

Please ensure you try to support your child in setting effective routines in when to complete homework. ICT access is available before, during and after school in the Learning Resource Centre.

**There is a space at the front of the student planner for students to write usernames for log-in.**

### Euro 2024

This week, all Lesson 1 groups in Year 7 through to 10 were allocated a country in the upcoming Euro 2024 competition. The groups will use the next four weeks to complete tasks linked to their country before a winning Lesson 1 group in each year is selected for a reward on Friday 5<sup>th</sup> July.

At the National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit [nationalcollege.com](https://nationalcollege.com).

## What Parents & Educators Need to Know about PALWORLD

In Palworld, players head out into an environment where they must craft items and survive alongside creatures called 'Pals'. In this sense, it's similar to Minecraft: fight monsters while maintaining a base. Palworld has sold more than six million copies and often has over two million people playing online simultaneously.

**WHAT ARE THE RISKS?**

**MATURE CONTENT** 18  
While Palworld may look cute and cuddly, the game does have its more mature moments. For example, if you try to catch a Pal and don't succeed, the game displays a mild swear word. There are also minor references to Inhumans acts like slavery when getting your Pals to perform certain tasks for you. While the presentation is intended to be humorous, this could still be seen as being in poor taste.

**VIOLENCE**  
Palworld has been referred to as "Pokémon with guns" and with good reason. As the game progresses, Pals can be given firearms, explosives and other weapons, allowing them to fight by the player's side. There are several moments where cute animals use these guns to kill other Pals or fight against bosses. The violence is cartoonish and bloodless, but it's present.

**SUGGESTIVE WRITING**  
Some of the Pals' descriptions – found in the game menu – can be very suggestive and adult in nature. The game makes a joke of hinting on the line between age-appropriate and mature content: playing on the contrast between the two while never using explicit words. While it's possible that younger players won't notice this content, it's just as conceivable that they will.

**ONLINE PLAY**  
Palworld can be played with other people online. On Xbox, players can only play with people on their friends list. On PC, however, up to 32 players can share in the same game, playing in a large online world, and these players may not necessarily be known to the host beforehand. It can be quite complicated to set up these servers. However, it can be quite complicated to set up these servers (online worlds) and they cost money to keep online.

**DIFFICULTY**  
Despite its endearing visuals, Palworld is actually an extremely difficult game in places: defeating bosses, catching Pals and exploring the environment can all be very tricky. It takes a lot of skill – or working together with a friend – to be successful, which could be off-putting or even discouraging to players expecting something more like Minecraft or Pokémon.

### Advice for Parents & Educators

**WATCH GAMEPLAY**  
Watching gameplay and reviews for Palworld on sites like YouTube is the best available means of gathering information on it, second only to playing it for yourself. Currently, there are plenty of videos showing this game off to the internet at large, along with detailed breakdowns of what can be found or done within it.

**LEND A HAND**  
By learning the basics of the game – Pal catching, battling, crafting items and building up a base – you can help to lower the difficulty for younger players. This, in turn, decreases the likelihood that such players will need to look online for tips and tricks, where they could quite easily stumble across more violent and mature content associated with the game.

**SET CONTENT LIMITS**  
As Palworld is available on Xbox Game Pass, it's easy for players to access it. Any player subscribed to this service can simply find the title on Game Pass and hit the download button. If a child or young person isn't allowed to play Palworld, the best way to prevent them from downloading it is to enable age limits on their account. Setting the limit below 12 will not allow users to install Palworld.

**PLAY TOGETHER**  
By playing Palworld yourself, you'll have the best chance of catching any content that you don't think is suitable for children, as well as getting on with how violence is presented in the game. The conflict is cartoonish in nature – until players and Pals unlock the ability to use guns, at which point it can become more intense. It's likely best for you to give it a look and form your own opinion.

**PLACE BOUNDARIES**  
Limit options when it comes to online play. For players on PC, they'll still be able to cooperate with friends through the game's multiplayer option, much like Xbox Live. Just because they have the option to run a dedicated server that's open to anyone doesn't mean they need to take it. The risks of interacting with strangers can be significantly lowered or even eliminated entirely by playing on servers which are restricted to friends only.

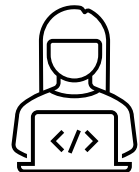

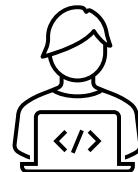

**Meet Our Expert**  
Editor in Chief of gaming and experts site [GamesRadar](https://www.gamesradar.com), Lloyd Coombes has worked in the games media industry for five years. He's played every Xbox title since the series began and, as a parent, also values the importance of online safety. Writing mostly about tech and fitness, his articles have been published on influential sites including [4mat](https://www.4mat.co.uk) and [TechRadar](https://www.techradar.com).

### Message from Ms Smalley Sirius Weekly

### The 1 Stop education publication Y10/11 Hotspot!!

Welcome to the THIRTEENTH edition of our fantastic 'SIRIUS WEEKLY' feature! EXAM SEASON is almost over! Weekly Exam weekly timetables are available for morning and afternoon sessions as well as key hints and tips for revision plus revision and support sessions!. Students are emailed a weekly copy and are expected to refer to information each week. Good luck Y11! You can do it!

### Year 10 Travel & Tourism

Your weekly 'Key Term Gate Keepers' are now available - please check your emails. Revision is the key to success!

KEY TERM	1) EXPLANATION	2) Example support
Boom	When the country or economy experiences medium- or long-term periods of 'growth'	Eg increase in economic activity – spending 'Upwards spiral' – people spend money – businesses make money – they might hire staff – people get paid a wage – people pay bills – people have disposable income – people spend it – businesses make money.....
Recession	It is a slowdown in economic activity	Eg decrease in economic activity – spending slows down (does not mean it stops!)
Currency exchange	Value of the currency of one country against another	The exchange rate is the price of one currency. expressed in terms of another currency. For example, £1.00 = €1.13 or £1 = US \$1.20.
Levels of Employment	Measures how many people of <b>working age</b> are in employment at any one time	Can be measured on a local or national level If people are employed they get paid a wage – they pay bills – they have disposable income available Also: People pay tax – this goes to the Government – local Governments receive funding for areas to invest in things like NHS/public services/Schools/Infrastructure
Fuel costs	Can change constantly – depending on the <b>wholesale</b> price of oil	If fuel costs go down – T&T businesses <b>may</b> reduce costs If fuel costs increase they <b>may</b> increase prices If fuel is cheap people <b>might</b> drive to further T&T domestic destinations That helps to boost the economy in that country or area
Disposable Income	Amount of money a person has left after deductions of tax and living costs	The more disposable income available – people <b>may substitute up</b> and spend it on luxuries like holidays The less disposable income available – people <b>may save or substitute down</b> instead!
GDP	Gross Domestic Product	<b>Measures a country's wealth</b> C = Consumer Spending I = Investments N = Net exports (exports – imports) G = Government spending
Revenue	number of sales x sales price - any money that a business makes from selling its goods and services	A customer buys a holiday – the travel agent or tour operator has made revenue from that sale

### RESPECT FOR Education- Lesson 1 Content

This week the students have completed the following tasks in their Lesson 1 lessons. Please discuss with them as we continue to develop the knowledge of our students:

#### Culture Task

To begin our recognition of PRIDE month, this week's culture task was focused on Alan Turing. Turing is credited with cracking the German communication code which was a key turning point in our success in World War Two.

Turing was prosecuted for being gay in 1952 and died in 1954. He received a formal pardon by the then Prime Minister, Gordon Brown due to the treatment that Turing received.

#### Votes for Schools Topic (Key Stage 3 students only- This is a debate topic with pre-prepared materials)

This week the students discussed the topic of, '**Should football clubs be fan-owned?**'.

Year 7/8  
Girls  
Rugby  
WIN!

Our Year 7 and 8 Girls travelled across the city to Sewell Group Craven Park for the Hull KR 'Inspired by 9s' Rugby Tournament. The girls won all four matches, beating Kingswood Academy, Winifred Holtby, Sirius Academy North and Hornsea to see them through to the National Tournament, which will be played on Tuesday 18th June at Victoria Park, Warrington.

## Sirius Academy West 18 Kingswood Academy 10

Their first game proved to be their toughest against a strong Kingswood side. The game was evenly matched for the first ten minutes as the scores were level at 10 - 10 after two tries from Ruby Mae F for Sirius. However, in the last two minutes, Sirius went up a gear in attack and managed to score two late tries from Lavina N and Issy B to seal the victory.

## Sirius Academy West 24 Winifred Holtby 0

The Sirius girls were outstanding in their defence in this game, with some superb tackles on the Winifred girls. The strong contact caused Winifred to lose the ball in the tackle and Issy B raced over 50m, she was caught just short, but good back up play from Mercii J saw her scoot over from a quick play the ball. The second try came from another strong tackle, again, the Winifred player dropping the ball, which Millie T picked up and raced 40m to score. A try from Izzy B and two from Brooke B rounded off a fine team performance for their second win of the tournament.

## Sirius Academy West 20 Sirius Academy North 6

In the Sirius derby it was the West side who struck first with a try from Anastasia Z, however North replied immediately to put them 6 - 4 in front. But credit to West, they worked hard as a team and managed to get back in the lead after an outstanding individual try from Issy B. Mercii J extended the lead with another try from a scoot before Lavina N showed her pace to go in at the corner for 20 - 6.

## Sirius Academy West 22 Hornsea 4

Sirius needed to win this one to be crowned champions. They couldn't have started the game any better, when Oluwasewn A ran the ball in on the first tackle and broke through the defence to score a 6 pointer. Millie T was next on the scoresheet with a 50m sprint down the wing after picking up the loose ball. Hornsea crashed over from close range to try and get back into the game. But Oluwasewn A put a stop to their comeback as she scored another fine individual try showing real strength and speed. Ruby Mae F went over late on to ensure Sirius were champions and would progress to the National Tournament.

Please congratulate the girls on their outstanding performance, toughness and teamwork:

Eda S, Issy B, Brooke B, Anastasia Z, Lily Rose H, Lavina N, Millie T, Meadow T, Suzanna S, Ruby Mae F, Oluwasewn A, Alishia M, Mercii J and Ella F.

Player of the tournament for the Year 7s went to Eda S for her outstanding work in defence, particularly at square marker. The Year 8 player of the tournament went to Ruby Mae F, who covered every blade of grass in attack and defence, showing real determination.

Special thanks to Miss Bore for her continued support with the girls rugby and also to all the parents / carers that came along to support, it was much appreciated.

Thank you to Hull KR Foundation for running the event.

The girls will now represent Hull in the National Competition on Tuesday 18th June at Victoria Park, Warrington.

Year 10  
Boys  
Rugby  
WIN!

## Sirius Academy West 22 Wolfreton High School 6

Our Year 10 Boys have made it through to a Regional Final for their first time since starting to the Academy in Year 7. The boys fully deserve a place in the Yorkshire Plate final after some superb performances this year. With the addition of footballers Alfie H, Max D, Bartosz C and Natan Z, who only started playing this year, but have contributed massively to reaching this stage of the competition by complimenting the experienced rugby players that we have in the squad. Sirius were without influential players Charlie K, Harrison C and Kieran S for the semi final, but the boys on the pitch worked hard to get the victory.

Josh G opened the scoring after fifteen minutes of both teams cancelling each other out, with superb defence on show. But the impressive halfback, took it upon himself to take on the line, break through and with only the fullback to beat, he performed a perfect chip over the top and retrieved the ball to go in under the sticks for 6 - 0. Sirius extended their lead shortly after, when Marley C ran the ball in well to get Sirius near the tryline, and a fine drop off ball from Josh G to Ewan B saw him go through the gap to score for 12 - 0. On the last play of the game, a kick was charged down by the Wolfreton player and he went over to make the halftime score 12 - 6.

Sirius did not let the late try they conceded drop their intensity and determination as they came out in the second half with a hard-working attitude, ensuring that the work was shared, with the backs coming in and taking some scoots in to give the forwards a well-earned rest. In defence, they were really tested, but stuck to the task and made sure that Wolfreton did not get over the whitewash. The try of the game was next up, as Sirius played out their set of six from their own 20m line, but managed to get within 20m of the Wolfreton tryline, this set them up for the double drop play as the dummy runners made space for Charlie B to hit the line at pace to break through, and the supporting Josh G was on hand on his inside to go over under the sticks, a well worked, classy try from the Sirius side to make it 18 - 6. Just before the final whistle, Sirius extended their lead further, when the impressive Jake S dummied left from acting half back and scooted right to go over untouched for a smart try from the fullback. This made the final score 22 - 6 in favour of Sirius and book them a place in the Yorkshire Plate Final.

This group have boys have continued to impress me this year, with a good mix of rugby players and football players it really seems to work. They worked extremely hard for each other today, and every squad member played their part in that victory. They will now look forward to their first ever Regional Final, where they will either take on Archbishop Sentamu or Leeds East.

They were some fine individual performances today, to name a few, Marley C, Charlie B and Jake S. However, Josh G gets the vote for player of the match, he was pure class in his organisational skills and also his decision making and execution. Please congratulate the squad on their outstanding team performance and for reaching the Yorkshire Plate Final.

Special thanks to Charlie Kennedy, Robert Welburn, Charlie Price, Thomas Farr and Louis Coultas for coming across to support the team.
