

**David Whitelock**  
**Faculty Operations Manager – University of Hull**

At the University of Hull, my role as Faculty Operations Manager entails enhancing academic services by spearheading policy consistency, process improvement, and effective systems utilization. Our team is committed to fostering continuous improvement in the Faculty of Science & Engineering, with a strong emphasis on collaborative problem-solving and decision-making.

With expertise in Higher Education Teaching and Quality Assurance Standards, I contribute to the development of robust academic programs as an experienced Academic, Head of Department, External Academic Advisor and External Examiner. Additionally, as a Senior Fellow of the HEA, my leadership extends to shaping positive graduate outcomes and elevating teaching, learning and assessment strategies within higher education.

I am delighted to have the opportunity to join Sirius Academy West to share my expertise and knowledge with the Local Advisory Board.
